### Early Years Emergency Aid Courses +

Leeds Met Carnegie has developed an Early Years Emergency Aid qualification focusing on the treatment of accidents and illnesses relating to children under eight years old. The 2007 Early Years Foundation Stage Statutory Framework sets out a specific legal requirement that at least one member of staff, at all times, must hold a First Aid certificate specific to under 8s. Qualifying staff with the Leeds Met, Early Years Emergency Aid certificate would help your school meet this requirement.
